Estimated Taxation Rev. At \$1,800,000,000

Finance Minister Isley said in an address at Selkirk, Man., last week that he estimated taxation revenue in the Dominion, including excess profits tax, would total \$1,800,000,000 to this year compared with direct taxes formerly producing from \$60,000,000 to \$70,000,000 a year.

The minister outlined the Dominion government's taxation policies, control policies and its borrowing program when he spoke in support of C. E. Fillmore, Liberal candidate in the Selkirk federal by-election next Monday.

Mr. Isley told of post-war plans. He said the government had already inaugurated its post-war program and the program would be augmented until the government's ideal of employment for all and social security for all was realized.

Forest Fires Low In The Province

Few forest fires have occurred in the mountains or in the northern part of the province this year, it was revealed by T. F. Biegre, director of forestry for the provincial government.

The gasoline shortage has forced hundreds of families to stay at home instead of making camping trips to the mountains, and Mr. Biegre states that splendid co-operation has been received this year from campers.

With the exception of small fires in the northwest section of Alberta, forestry officials have not been worried this summer.

"If people continue to use good judgment and remember to put out all campfires in heavily wooded areas 1943 will be one year remembered for its fewer fires," Mr. Biegre said. "The abundant rainfall has helped to a considerable extent."

In other years fires wiped out large timber tracts in the northern section of the province. No such fires have occurred this year, officials stated.

W.P.T. BOARD ENFORCES LAW

A summary of prosecutions by the Wartime Prices and Trade Board enforcement administration, shows that 66 persons were prosecuted throughout Canada during July for violations of rationing regulations.

The enforcement council's report shows that Theodore Boehmer, of Blairmore, Alta., was sentenced two months in jail for detaching coupons from a gasoline ration book. Others convicted for violations were Bruce A. Grant, Cannore, who was fined \$25 and costs for being in possession of loose gasoline coupons, and Antonio Sterba, Bellevue, who was fined \$25 and costs at Blairmore.

The biggest fine yet levied by the Wartime Prices Board was \$25,000. This fine was imposed on a Montreal clothing manufacturer, who was convicted on 12 charges of selling men's suits above the basic price level and two charges of failing to have maximum prices of suits approved by the board.

An Edmonton man was sentenced to three months in jail for obtaining small ammunition without a permit.

In addition 18 persons were prosecuted for breaches of tire and gasoline regulations and ten persons sentenced for violations of rationing and hoarding rules.

Rejected applicants for enlistment in the Canadian Active Army are interviewed at reception centres by representatives of National Selective Service and directed into essential occupations where possible.

Officers At Camp Express Appreciation

W. J. Huntingford, Esq.,
Wainwright, Alta.

Dear Sir:—On behalf of the regiment, I wish to express to you and to all in Wainwright who did so much to make our visit in your vicinity pleasant, our sincere thanks.

Recreational facilities provided in the town of Wainwright, dances, sing songs and a good supply of magazines together with the unfailing hospitality of so many of your fellow townsmen were most cordially welcomed by all.

Please accept this assurance of our deep appreciation.

Yours very truly,
(J. D. HORNE) Major,
Commanding 2nd. Bn., C. Scot. R.

Eighth Crop Report By Bank Of Montreal

In general, crop conditions continue favorable throughout Manitoba, but have deteriorated further in the dry areas of Alberta and Saskatchewan where yields will be light. Wheat, oats and barley are practically all headed and are filling out well where moisture conditions are satisfactory. Further rains, however, are required in many districts. Flax has been affected by weeds and rust and some poorer crops have been ploughed under. Sawfly and grasshopper damage is reported in parts of Alberta and Saskatchewan. There have been further scattered hail losses. Sugar beets are progressing favorably. Storing of a heavy crop of good quality hay has been completed in most districts. In British Columbia, most fruit and vegetable crops are maturing well. It is indicated that yields generally will be below average. Potatoes, raspberries, apricots, semi-ripe tomatoes and early apples are now being marketed.

In Alberta, continued hot dry weather in southern and east-central areas has caused further crop deterioration and yields generally will be light in west-central and northern districts, where good rains have been received, the outlook is satisfactory. Serious hail losses have occurred at scattered points. Heavy sawfly infestation is reported in southern sections.

In Saskatchewan, crop conditions are varied. In areas where moisture is satisfactory crops are heading out well, but further rains are required to ensure proper filling. Elsewhere, particularly in the southwestern and parts of the west-central, central and northwestern districts, yields will not be better than light. Sawfly and grasshopper damage is reported in some districts. Weed and rust infestation will reduce the yield of flax crops.

In Manitoba, the favorable crop outlook has been maintained during the past week. Wheat is practically all headed and the condition of coarse grains is satisfactory. Rain is required in some districts to ensure proper filling. Rust has appeared, but little damage is reported. Scattered hail losses have occurred. Sugar beets are making good progress.

In British Columbia, the apple crop still estimated at 65 percent of average, is progressing satisfactorily, with some early varieties now being marketed. Apricot-picking is becoming general, but the crop is light. Other tree-fruits are ripening well. Marketing of a good raspberry crop is nearing completion. Vegetables are showing good growth. Semi-ripe tomatoes are now moving. Hops, grain, flax and the second alfalfa crops continue satisfactory. Grasshoppers are bad in some areas; other pests are normal. Some potato blight is reported, but the crop generally is healthy, and a good yield is indicated. The first hay crop has been harvested under favorable conditions and range feed is still good. The supply of irrigation water is ample. Rain would improve pastures in most districts.

Searle Precipitation Report No. 13

The moisture condition in each of the three prairie provinces has declined during the past week. In Alberta, the rainfall that has occurred from April 1st to July 26th now shows 65 percent of normal, compared with 68 percent last week. In Saskatchewan this rainfall now shows 74 percent of normal, compared with 76 last week. In Manitoba this rainfall is 116 percent of normal, compared with 122 percent last week. Combining this growing season's precipitation with the rains of last fall, which represent altogether the moisture available to the stubble seeded crops, and adding to this the rains of the previous summer and the fall before that for crops now growing on summer fallow, it can be said that the total moisture condition is now approximately as follows:—

For Alberta 88 percent of normal, compared with 90 percent last week and 104 percent at this time a year ago.

For Saskatchewan 97 percent of normal, compared with 99 percent last week and 103 percent a year ago.

For Manitoba 118 percent of normal, compared with 121 percent last week and 123 percent a year ago.

Combining the three prairie provinces together, and weighting for wheat acreage, the total moisture condition is now, therefore, approximately 96 percent of normal, compared with 98 percent last week and 106 percent a year ago.

In Alberta south of Calgary and northeast as far as Hemaruka, crops are suffering badly from lack of moisture. The same can be said of a small area extending from Alberta in to west-central Saskatchewan, and another small area in the northeastern part of Saskatchewan close to the Manitoba boundary. Apart from these specified areas the moisture condition in general is good to very good.

Ontario Electors Make Change In Government

Toronto—The Liberal administration which has ruled Ontario under three premiers since 1934 was defeated at the polls in last Wednesday's election, and it is expected that Lt.-Col. Geo. A. Drew will be called to the office of Premier.

The standing of the varied parties of the new provincial government is recorded as follows:—

Progressive Conservative	38
Co-operative Commonwealth Federation	34
Liberal	14
Labor	2
Independent Liberal	1
Doubtful (Muskegon-Ontario)	1

Farmers Can Carry Helpers By Truck

Permission for farmers to transport helpers from one farm to another in trucks during harvesting operations has been granted by N. W. McCutcheon, administrator of services for the Wartime Prices and Trade Board, according to an announcement by Hugh McAfee, services officer truck control in Edmonton.

Owing to the shortage of farm labor, the farmers in the prairie provinces are to be allowed to transport their extra help from one farm to another in trucks, during the harvesting operations, of not only grain crops, but crops such as potatoes and beets.

A special permit is necessary and will be issued to farmers on application to the office of truck control at the board.

This special permit is for the period to Nov. 15, and covers the transportation of passengers only if they are going to or coming from harvesting operations.

PUBLIC NOTICE

From and after August 31st, I will not be delivering milk to any household or premises. On or before this date I request that all my MILK BOTTLES be returned to me.

By order,
H. McCRYSTAL

Local Ration Boards Organize for Ration Book 3

Boards in addition to the 37 Boards already in operation, will greatly assist in distributing ration book 3 to the population of Alberta, officials of the Ration Administration, Wartime Prices and Trade Board state. These new boards are at Bonnyville, San-gudo, McLehman, Ponoka, Evansburg, Jasper, Rocky Mountain House, Holden, Banff, Three Hills, Golden, Foremost, Creston, Kimberly, and Lacombe.

Dates for distributing ration book 3 are August 25, 26, 27, and 28, selected because most of the coupons in ration book 2 expire September 2, and it is essential that the new ration books be in the hands of the public prior to that date.

Distribution centres will be set up at summer resorts so that campers may obtain their new books without returning to their homes.

As formerly, it will be necessary to fill in the postal card at the back of ration book 2, stating name, address, prefix letters and number of the ration book. Please print name and address, officials plead.

Farm Work Wages Set For Soldiers

OTTAWA—Minimum wages to be paid for the services of soldiers detailed for farm labor were announced by the defence department.

In western Canada the minimum rate is \$4 a day; in most parts of Ontario \$3.50; and in Quebec and the Maritime provinces \$3. In addition, farmers will provide board and lodging.

The department also announced that in the cases of men granted compassionate leave to alleviate harvesting conditions on their own farms or those of their parents or near relatives, men will be provided with free return transportation to destinations of not more than 500 miles, meal tickets and free overalls.

Soldiers going on compassionate leave to points more than 500 miles will have to pay their own transportation beyond that point.

Mail From Overseas Comes By New Service

A large mail from the members of the armed forces of Canada serving overseas arrived here today by the Canadian Government Trans-Atlantic air service operated by T.C.A. The flight of the big transport plane was a non-stop one from Britain to Montreal, said Trans-Canada Air Lines officials, and brought naval, military and air force personnel and technicians on special missions to Canada, in addition to upwards of 3,000 pounds of mail from the officers and men in the overseas forces. At the airport post office the mail was quickly cleared for various points in Canada.

The flight from Britain to Montreal was made in fifteen hours, and, using the connecting T.C.A. planes, some of the official personnel were in Toronto eighteen hours after leaving the British Isles, and in other Canadian cities within twenty-four hours. The T.C.A. crew which flew the transport was headed by Captain M. B. Barclay, with Captain R. M. Smith as co-pilot, H. Thomas as navigation officer and A. J. Blackwood as radio officer.

The passengers arriving on the plane stated that the new Canadian Government Trans-Atlantic air service had widespread interest in Britain and was hailed as marking a great advance in the transportation facilities between the two parts of the Empire. It was also warmly welcomed by all the fighting forces of the Dominion engaged in the European and African theatres of operation as providing a speedy means of communication with their families and friends in Canada.

IN MEMORIAM

In loving memory of George Norman MacLachlan, who passed away August 10th, 1938.

We often think of days gone by, When we were all together, A shadow o'er our lives has cast, Our loved one's gone forever. Remembered by his loving
Wife & Family.

In each district, posters prominent, already in operation, will greatly assist in distributing ration book 3 to the population of Alberta, officials of the Ration Administration, Wartime Prices and Trade Board state. These new boards are at Bonnyville, San-gudo, McLehman, Ponoka, Evansburg, Jasper, Rocky Mountain House, Holden, Banff, Three Hills, Golden, Foremost, Creston, Kimberly, and Lacombe.

Distribution chiefs are being appointed by each Local Ration Board for each distributing centre.

Volunteers will record the new ration books, and women willing to give this service are already getting in touch with their Local Ration Boards, officials comment in praise of the ready response to requests for volunteer help always received.

EDGERTON WELL REPORTS CRUDE

The current issue of the "Western Oil Examiner" carries the following story:—

Good news from another outside field was received this week, when officials of the well which is drilling for Edgerton Oil Syndicate, about 7 miles southeast of Edgerton, reported a "fine showing of oil and gas" was struck Sunday last at a depth of 2469 ft.

R. V. Price of Edmonton, said arrangements have been made for placing the well on test immediately in hopes of establishing commercial production. Showings were described by Charles H. Withers, who supervised the drilling, as one of the finest he had seen in that part of the province.

Mr. Price explained that there had been a number of oil shows of various importance as drilling proceeded, and a particularly good one at a depth of 2210. He added: "I cannot say we have a well yet, but I am hopeful the tests will be favorable."

Edgerton No. 1 is located in lot 1 of 19-43-4w4, a test for a large wildcat area some 20 miles southeast of Wainwright and about 10 miles west of Hinton.

Wrigley's Treasure Trail—the favorite quiz show of the air, is one of the few programs that does not go off for the summer. When the boys take their vacation they put in a "pinch-hitter" and carry on as usual. In July and August, when so many of our old friends are having a well-earned rest from their busy radio-life, it is nice to have one old friend to be sure of. So send in your Wrigley's Treasure Trail and your name and address and birthday, and listen each Tuesday night at 8:15 for TREASURE TRAIL, over C.J.C.A. It is twice the fun and excitement if you have a letter in the mail-box and you are holding your breath until they get the envelope opened and read the name over the air. TRUE FRIENDSHIP

"True Friendship Proves Itself
Best in Times When the Need is
Greatest." Under this caption, the
Calgary Herald publishes the follow-
ing timely editorial:—

Let it go on the record that China,
a land of peace-loving, non-militar-
istic people, has resisted Japanese in-
vading forces for six long years and
is still resisting. In those years of
constant warring the Chinese have
suffered as no other people have been
called on to suffer in the present Eu-
ropean conflict.

Let it go on record that the amaz-
ing Chinese, robbed of their sea-borne
means of contact with the rest of the
world as well as their centuries-long
densely occupied land areas, picked
up bag and baggage and trekked man-
ny hundreds of miles into the rugged
and sparsely populated back areas of
their land, there to re-establish them-
selves and carry on.

Industrial plants, factories of all
sorts, educational institutions, and
all else necessary that could be sal-
vaged from the invader's threat of
ruin took to the roads, with such
armed forces as could be gathered to
form a protective rear guard. Mil-
lions of men, women and children
plodded along day after day and
night after night, buoyed up by the
belief that in the long run their en-
emy would exhaust himself and that
in the end their freedom would be as-
sured.

Just how much our Chinese allies
by their determination and fortitude
have contributed to our own success
against the common enemy can never
be accurately estimated. That it has
been and will continue to be a major
contribution is certain. For it we
have much reason to be grateful, not
only in words but in acts as well.
This gratitude is being shown to the
limit of their ability by British and
American governments in the supply-
ing of war machines and munitions.
But the long tortured Chinese people
are not able to live by these alone.

By the millions they are suffering
from hunger and want. Inflation has
added to their misery to an extent
almost unbelievable, making the pur-
chase of common food necessities an
impossibility for countless thousands.
In spite of it all they are still stand-
ing out against the enemy, stomach
hungry, but with undaunted fighting
spirit.

All of which, while admirably he-
roic can only end in one way unless
aid comes to them in good time. For
just so long can human beings be he-
roic on empty stomachs; then comes
the end. Should such an end come to
Chinese resistance against the Japs
before the United Nations have fin-
ished off Hitler in the European fight-
ing area, it might easily be too bad
for us all.

We, in Canada, have learned since
the war started much more about our
Chinese brothers than we knew be-
fore. Today we are all for them as we
are all against their tormentors and
our common enemy, the Japs. But

the friendship that has arisen be-
tween us has yet to prove itself, so
far as we are concerned. Mere words
are insufficient properly to demon-
strate it. They are in dire need, which
means that as their true friends, we
will come to their assistance.

There has been started in Canada
by authorization of the Dominion gov-
ernment, a Chinese War Relief Fund.
Its purpose is to raise one million dol-
lars by voluntary subscriptions from
the people. In Southern Alberta the
campaign is being carried on by the
Calgary Herald and the Imperial
Bank. All subscriptions to this fund
will be acknowledged in the Herald
as they are received.

Canadians have in the past shown
their generosity in similar relief
funds for the Russians, the Greeks
and others of the world's peoples in
their times of dire need. It is not con-
ceivable that this appeal on behalf of
a people so worthy as the Chinese
and so valuable to us as friends in
these trying times, will fail to meet
its objective. Here's hoping it will
finish well over it.

Health

The National Association of Manu-
facturers (U.S.A.) has found in an
industrial survey that an adequate
health program in an average 500
employee plant earns \$5,611 annually.
Dr. N. Millman of Kansas City notes
in an article, "Public Health and
Industry," in the current issue of "In-
dustrial Medicine":

Percentage of reductions obtain-
able by an adequate health program
are listed:

1. Accident frequency 44.9%
2. Occupational diseases 62.8%
3. Labour turnover 27.3%
4. Absenteeism 29.7%
5. Compensation insurance 26.8%

"Not only that, but practically all
the plants surveyed showed an im-
provement in labour relations," Dr.
Millman reports.

An adequate health program in-
volves the employment of a plant
physician, who should conduct a pre-
ventive industrial health service, in-
cluding plant hygiene, to assure
healthful working conditions, educa-
tional lectures on health and emer-
gency care of the injured. The author
deplors adherence by some medical
and nursing groups, as well as man-
agement, to the old plan of "treat-
ment only."

"Unfortunately, in relation to in-
dustry, the medical profession thinks
only in terms of traumatic surgery,
nurses consider it only in the light
of first aid and the number of injured
visiting the dispensary; management's
conception is that of accidents and
insurance premiums; and labour,
in some instances, greets health pro-
grams with resistance.

"Unfortunately, I repeat, indus-
trial health practice in most instanc-
es has never progressed beyond the
initial stage of 'treatment for in-
jury' only.

"In other words, wait until a
failure in health results due to acci-
dent or illness and then treat the
failure. Wait until you get 1,600,000
injuries, as occurred in industry in
1941, or wait until you get 150,000
deaths from cancer, 60,000 deaths
from tuberculosis, and so on.

"This is obviously a wrong concep-
tion, and yet it is so difficult to cor-
rect because of the attitude of the
various groups involved. How much
more benefit could be derived from
a program of prevention."

The Government-endorsed health
plan designed by the Health League
of Canada and now being introduced
in a number of Ontario industrial
plants, meets the needs set forth by
Dr. Millman. The plan includes
health education, with emphasis on
nutrition, and suggestions for plant
medical and nursing services.

Household Hints

TIMELY DESSERTS

Recipes for desserts that require a
minimum of ration points continue to
be in demand. Hence, the two below
will make welcome additions to your
war-time recipe file:

Golden Glow Rennet-Custard

1 rennet tablet
1 tablespoon cold water
1 pint milk, not canned
7 tablespoons sugar
1 teaspoon vanilla
1/3 cup apricot pulp
6 stewed or canned apricots
1 egg white
Cut the apricots into strips and di-
vide among dessert glasses. Make
rennet-custard according to direc-
tions in package. Pour over apricots.
When ready to serve, beat egg white
until stiff. Add 4 tablespoons of su-
gar and apricot pulp. Beat thorough-
ly together. Put apricot whip on top
of each dish of rennet-custard and
decorate with bits of apricot.

May Day Rennet-Custard

1 package orange or lemon rennet
powder
3/4 cup thick unsweetened prune
puree
1 pint milk, not canned
2-3 marshmallows
Few chocolate decorettes
Make rennet-custard according to
directions on package, adding prune
puree to warmed milk. Chill, then
serve. Top rennet-custard with cut
up marshmallow petals, arranged as
a flower and centered with chocolate
decorettes.

GIFT OF THE GODS

A chocolate sponge cake today is a
veritable 'Gift of the Gods'. But
fortunately it may be made without
dipping as deeply into some rationed
or scarce foods as we must dip for
other cakes that taste no better.
Cake is an American institution. It is
one of our 'musts'.

Delicate Chocolate Sponge Cake

1/2 cup sifted cake flour
1/2 tsp. double acting baking powder
1/4 tsp. salt
4 eggs
3/4 cup sifted sugar
1 teaspoon vanilla
2 squares unsweetened chocolate

2 tablespoons sugar

1/4 teaspoon soda
3 tablespoons cold water.
Sift flour once, measure, add bak-
ing powder and salt, and sift to-
gether three times. Place eggs in
deep bowl, add 1/4 cup sugar and beat
with rotary egg beater until very
thick and light. Add flour, all at
once, stirring well. Add vanilla. Melt
chocolate over boiling water. Remove
from heat and add immediately 2
tablespoons sugar, soda, and cold wa-
ter. Stir until thick and light, then
fold quickly into batter until mixture
is completely blended. Bake in un-
greased 8 1/2 inch tube pan in slow
oven (325 deg. F.) 80 minutes, or un-
til done.

FOR THAT "PARTY" MEAL

Here's the most economical 'party'
dessert imaginable. And it's tasty.
Serve it to the children and see how
they react:

Zippy Cola Mold

1 pkt. cola-flavored gelatin
1 cup hot water
1 cup carbonated water
Dissolve gelatin in hot water. Cool
slightly. Then add carbonated water.
Turn into mold. Chill until firm. Un-
mold. Serves 4 to 6.

Quick Chocolate Frosting

2 squares unsweetened chocolate
1 can (14 or 15 oz.) sweetened con-
densed milk
1 tablespoon water
Dash of salt
1/2 teaspoon vanilla
Melt chocolate in top of double
boiler. Add condensed milk gradually
and mixing well; then add water and
salt and blend. Cook 5 minutes over
rapidly boiling water, stirring con-
stantly. Remove from fire. Add vanil-
lina. Cool. Makes 1 1/2 cups frosting,
or enough to cover tops of two 8-in.
layers, or enough to cover tops of 2
dozen medium cup cakes.

NOTE—Three squares unsweeten-
ed chocolate may be used. Increase
water to 2 tablespoons and cook only
3 minutes.

AMONG THE OLD TIMERS

REMINERS OF OTHER DAYS

TEN YEARS AGO

A serious accident was narrowly averted on Thursday when Ralph King, who was riding a bicycle, collided with Mr. Hood, of the Imperial Oil, Ralph was taken to the hospital, but no serious injuries were found.

Mrs. Simmons, who has been visiting in the East the past few months, returned to town this week.

Prior to his departure for England, Scoutmaster Chas. H. Lilly was the guest of honor at a party given by the Scouts and their parents.

The death occurred on Saturday

last of Elizabeth E. Whittle, wife of Joseph Whittle of Wainwright.

A charming wedding took place at the bride's home on Saturday, when Miss Vera Stuart of Wainwright became the bride of Mr. R. H. Ott of Briskine.

FIFTEEN YEARS AGO

We learn that Mr. Potvin commenced cutting his wheat at Heath on Saturday last. The stand of grain promises a rich return, too!

Miss Edith Hart, who taught last term at Ryley, has now returned to her home here.

On Thursday last Mr. and Mrs. Norman J. Rees and family arrived from their former home in Wales and are planning to take up land in the Old Edge district.

The Postans family of Heath, and Miss Lexie Morrison of Greenshields, are enjoying a motor trip to Banff and other points.

Mrs. R. Aykroyd has now moved to the city to live. Her household effects left in Tuesday morning.

EDGERTON

The 108rd Victory Wheel draw at the Drug Store Saturday night was won by Rasmus Olson.

Mr. and Mrs. Stratton made the trip to the city by car for a few days.

The Board of Trade held their monthly meeting at the Hotel Tuesday. Among other business discussed was the question of forming a company to purchase the Hall. It was decided to try to sell shares for this purpose, and a committee was formed for this part of the business. Shares will be offered at \$20.00 for preferred and \$10.00 for ordinary. For any other information see any of the members of the Edgerton Board of Trade.

Work on Highway No. 14 has at least again been resumed and the outfit is working just west of Blooming-ton School.

Stewart Dinsmore arrived from Embarras to join his wife on a holiday here.

Mr. and Mrs. W. J. Connelly returned to the Coast Wednesday. Maynard Tennant has taken over the blacksmith's shop.

Eileen Pawsey has returned from a visit at the Coast.

Rev. A. A. Court, accompanied by Mrs. Kingston and Lois, motored to Saskatoon for a few days.

The Board of Trade dance at the hall Wednesday was not as well attended as the previous one, owing to the very bad condition of the roads.

Mrs. W. Gilbert from Rosedale district has been visiting in town with her daughter, Mrs. Buchanan.

Mr. and Mrs. Davidson from Wetaskiwin are visiting their daughter Joey and renewing acquaintances here.

Bad luck has overtaken operations at Edgerton Oils No. 1, and several lengths of pipe with the drill are turned off at the bottom of the hole.

Several people were marooned in town Saturday by the storm. The lightning struck a power line and put the lights out in several places, but it was only a few minutes before things were normal again.

B. Crane and his wife left for the city by car Sunday.

The storm spoiled the attendance at the Show "Pardon My Sarong" which was here Saturday for two performances.

GREENSHIELDS

Mrs. Ronald Morrison (Lexie) arrived during the past week to spend an extended visit with her mother.

Mrs. Bruce McDougall of Calgary is a visitor at the Morrises.

Mrs. Simmerman and son of Irma are visiting at Clear Lake.

News of Your Army

The Canadian Women's Army Corps have been given a substantial increase in pay. Everyone from lieutenant-colonel to private share in the raise. Similar increases were granted the Women's Services of the Navy and the Air Force.

Basic pay will now be 80 percent of that paid men in the Armed Forces, instead of the former 66 2/3 percent.

And the girls, eligible for trades pay, will be paid at the same rates as their male comrades in arms. Previously they were paid two thirds of male trades pay rates.

Under the new wage scale, a private's (C.W.A.C.) pay may be increased to \$1.10 a day after four months' efficient service, and to \$1.20 a day after six months' efficient service.

Dependents of members of the C.W.A.C., as well as those of the Wrens and the Women's Division of the Air Force, other than husbands and children, are now eligible for dependent's allowances at the same rates and under the same conditions as apply to dependents of men. Thus a dependent parent or other close relative may receive an allowance up to \$25 a month.

Increases in basic pay and trades pay are retroactive to July 1, 1943. In capsule form, old and new rates of pay compare as follows:

C.W.A.C. (per day)	New pay	Old pay
Private (on enlistment)	\$1.05	\$.90
Lance Corporal	1.30	1.00
Corporal	1.35	1.15
Lance Sergeant	1.50	no old
Sergeant	1.75	1.50

Staff Sergeant or Coy. Quartermaster-Sgt.	2.00	1.70
Coy. Sgt.-Major (W.O.2)	2.40	2.00
Quartermaster-Sgt. ("")	2.50	2.10
Sgt.-Major (W.O.1)	3.35	2.80
Second Lieutenant	3.40	2.85
Lieutenant	4.00	3.35
Captain	5.20	4.35
Major	6.20	5.20
Lieutenant-Colonel	8.00	6.70

City men who think they're too busy to serve in the Reserve Army might take a lesson from two farmers who left their Alberta fields for two weeks at camp.

Henry Metz, of Loughheed, and W. C. Seymour, of Sedgewick, took time from their farms to spend a fortnight with the 14th (R) Army Tank Regiment, Metz, who farms two sections, left 800 acres of crop unthreshed, figuring another two weeks wouldn't do it any harm—af-

ter all, it was last year's crop anyway! Sedgewick, who never missed a parade of his squadron all winter despite 19 miles drive to parade, had to motor out that distance to catch the 1.40 a.m. train to camp.

Canada's future officer candidates who are now to be found in University O.T.C.'s, Field Regiments, Canadian Armoured Corps, Artillery, Training Centres and Depots, will soon go back to school again to catch up on their homework. Provision has been made for educational testing and upgrading of potential officer candidates.

Candidates will be given education at tests to determine the subjects in which they are deficient and refresher courses will be given accordingly.

Canadian troops, guarding vulnerable points in isolated areas on both the East and West coasts are being afforded the opportunity of seeing travelling U.S.O. professional entertainers who frequently pass through their territories enroute to United States Army bases in Alaska and Newfoundland.

Many Canadian soldiers will soon be exchanging rifles for pitchforks and jeeps for hayracks under a plan whereby the Army will help meet the farm labour shortage.

Compassionate farm leave will be granted, on application, at the discretion of the G.O.C. or D.O.C. for a period not exceeding six months.

OLD AND NEW IN STATION FASHIONS

EACH is a choice example of an up-to-the-minute structure of its period. At the top is seen the new Canadian National Railways Central Station in Montreal now in service after being inaugurated by the Minister of Transport. Below is a view of old Bonaventure Station taken in 1888 when it was opened for business. The photograph was taken by William Notman, whose pictures of Montreal old and new form part of the historical record of the Metropolis.

The upper photograph was taken from the Dorchester Street Bridge which is 30 feet above the level of the passenger concourse, the building being at the edge of a plaza approximately 225 feet in width. The motor cars are parked on the bridge. The lower photograph taken 55 years ago is dated by the horse-drawn vehicles and when closely examined the old negative shows that some of those standing at the station were what the old time reporters termed "smart equipages."

The original structure was up to date when opened for service to the travelling public. It was illuminated at night by open arc lamps which spluttered and cast unusual shadows but were highly regarded as evidence of progress. In 1916 a serious fire gutted the interior and when the structure was rebuilt the three towers were not replaced. In its present form the station served countless thousands of travellers who found it a convenient friendly place.

Old Bonaventure welcomed numerous distinguished travellers including Royalty. It will remain in service for suburban trains and part of the structure will be remodelled to serve men and women of the active forces travelling in and out of Montreal by special trains.

The Central Station now in use is the last word in railway passenger structures, being equipped with every convenience to assist the traveller. The public concourse through which travellers pass to and from the train tracks

levels, is of such size that it would contain the entire floor space of Bonaventure with 10,000 square feet to spare.

The Central Passenger station is the focal point of an important terminal development which will greatly improve Canadian National facilities in and around Montreal. These improvements are of service in Canada's war effort because they allow of quick and direct movement of passenger and freight trains moving troops and supplies essential to that war effort.

Now..YOU can be a Fighting Airman in Double-Quick Time

The R.C.A.F. wants MORE Able-Bodied Men for Aircrew

THERE'S a place actually waiting for you in the gallant band now flying and fighting in R.C.A.F. planes on many different fronts. More men are urgently needed to increase the attack—to bomb and blast the enemy into unconditional surrender. So, whatever work you are now doing, don't let adventure and glory pass you by. It's your great chance. A job, even in a war factory, is no longer as essential as fighting in the air. This is a call to every young Canadian who can make the grade.

Planes and Schools are Ready to Train You Quickly

You will be in Air Force uniform right away. No more delay getting into aircrew. Basic training begins at once. Skilled instructors are waiting. Fast planes are waiting. If you are physically fit, mentally alert, over 17½ and not yet 33, you are eligible. You do not require a High School education.

NEWS & VIEWS OF TOWN AND DISTRICT

BORN—To Mr. and Mrs. Jas. Suther-
land of Wainwright, at the Wain-
wright municipal hospital on Aug-
ust 5th, a girl.

BORN—To Mr. and Mrs. Roy Knice-
ley of Irma, at the Wainwright
municipal hospital on August 7th,
a girl.

Bar Lane left on Saturday morn-
ing's train to report back to his na-
val duties after spending a furlough
with his parents in town.

Maurice Dupre of the Royal Can-
adian Navy is enjoying a holiday
with relatives and friends in town.

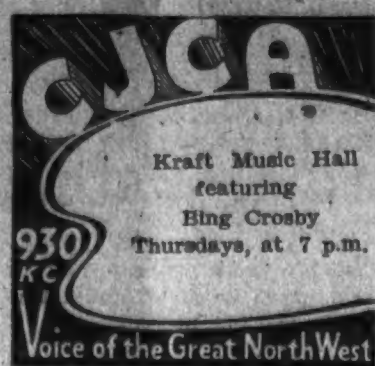

Plan to be at the L.O.O.F. hall on
Friday, August 20th at 8:30 p.m.,
when Elmer Roper, M.L.A., will be
the featured speaker.

A Recruiting Party for the C.W.
A.C., in charge of Lieut. Eunice Rob-
ertson will be in Wainwright on Aug-
ust 20th from 2 p.m. to 10 p.m., on
the top floor of the Federal Building.
They will be pleased to interview any
prospective recruits, and hope all will
take advantage of this opportunity.
Mrs. D. J. Purcell, local recruiting
advisor, will be pleased to give any in-
formation in regard to recruiting,
and may be reached at her home on
3rd Ave., or by phoning No. 19.

Mr. and Mrs. T. Lane left the b-
eginning of the week for an extended
holiday at the coast.

Mr. and Mrs. Vernon McNally and
baby were here last week from We-
taskin visiting relatives in town.

Mr. and Mrs. D. Purcell returned
to town Monday after a two week
holiday spent camping at Clear Lake

Beauty for YOU

The Secrets
of Good Looks
by
Barbara Lynn

WARM WEATHER WORRIES

A new set of beauty problems
comes with the warm weather, but
timely attention and care will help re-
tain your beauty and keep you fresh
and dainty.

First comes the hair. Sunshine
tends to dry the hair, so you should
apply hair tonic often. You also need
frequent shampoos to keep your hair
clean and shining. Halo shampoo is
the very thing; it will simplify your
shampooing problems and help give
your hair a delightful gloss. Halo
shampoo, incidentally, suits all types
of hair.

Now for the other extremity. Treat
your feet kindly and they will be
kind to you! Bathe them often and
dust them with talcum powder.
Corns are particularly painful in hot
weather, so remember that corns are
caused by pressure and friction.
Home paring is only temporary and
might even cause infection, so be
safe and use a good two-way corn
plaster.

We all get hot, and perspire. This
is inevitable and natural. But we can
keep fresh and sweet, and here is the
way: Always wash with gentle palm-
olive soap, and after washing, dab a
little deodorant cream under the arm
pits to banish odour.
Write to me for confidential and
personal advice in your beauty prob-
lems, and enclose five one-cent
stamps if you want my up-to-date
booklet on Beauty Care. It is cram-
med with helpful beauty hints. Ad-
dress: Miss Barbara Lynn Box 75.

—the convenient, modern way of
shopping from EATON'S Cata-
logue. For generations EATON'S
has served the needs of Western
Canada's widely scattered popu-
lation through this medium,
often making available a degree
of comfort otherwise unobtain-
able in pioneer days. Even to
farm homes in most isolated
districts, to miners in distant
camps, and hospitals on the edge
of civilization, EATON'S Cata-
logues go regularly, putting
within their reach practically as
large a selection of merchandise
as can be found in a city store.

A.C.I.W.C. and Mrs. Huntingford
left on Friday for the city after
spending a couple of weeks in town
with their parents. Walter was on fu-
lough from his air force duties.

We are sorry to report Mr. E.
Schumacker suffering with an attack
of lumbago, and we wish him a
speedy recovery.

Mrs. Fred Rowell of Edmonton is
here to spend a week with her sister,
Mrs. A. Adams. She is accompanied
by her daughter, Mrs. Russell, also
of the city.

Mrs. F. Barford has returned to
Victoria after a visit to her sister,
Mrs. C. Horn, here.

Edwin Nordstrom was home on
leave last week from his naval du-
ties at the East coast.

Mrs. Elmer Jackson is here from
Edmonton for a short visit with her
daughter Winnie and friends in town.

last week after a time spent with his
Sea Cadets at camp.

Clarence (Spud) Coffield is spend-
ing his leave from his R.C.A.F. du-
ties with his parents in town.

Elmer McLeod is in town for a few
days leave, looking quite smart in
his navy uniform.

Mrs. Harold Brunner returned
home after having spent a holiday
visiting relatives in Calgary and at
the coast.

Mr. and Mrs. C. Horn were in Ed-
monton last week for a while; they
accompanied their daughter, Miss
Elsie Horn, who entered at the sum-
mer session of Normal School.

Mrs. Ronald Morrison, who has
been at the coast with her husband,
who is stationed there, is visiting
with her mother in Greenfield.

Eddy Myers is enjoying a few days
leave in town from his naval duties.

COFFEE RATION

REMAINS SAME
Ottawa—Following the announce-
ment last week by President Roose-
velt that coffee rationing was being
lifted in the United States, Wartime
Prices and Trade Board Officials in
Ottawa said no such action was con-
templated in Canada.

Coffee shipments to Canada have
not increased and the present supply
is not sufficient to permit an increase
in the weekly ration of four ounces,
the Board stated.
